Page 7: Your views on the proposal - Aim and approach

Q1. Which of the following best expresses your view of the proposal to exempt funfairs from Public Entertainment Licensing requirements and to create a distinct new licensing system for funfairs in Scotland?

Fully Supportive

Please explain the reasons for your response

I only support the part of the Bill that seeks to delete the licensing regime

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

No

Please explain the reasons for your response

Government guidance has been issued but came up short and did not achieve the goal

Q3. What do you think would be the main advantages, if any, of the proposal?

Protect the Showman's way of life and livelihood

Q4. What do you think will be the main disadvantages, if any, of the proposal?

No Response

Q5. What do you think the maximum time available should be for local authorities to make a decision on an application to hold a funfair?

less than 14 days (please specify)

Please explain the reasons for your response.

7 days in order that last minute applications can be made due to ground conditions etc

Q6. How do you think fees should be determined for local authorities to process an application?

single fee fixed in statute

Please explain the reasons for your response, including details of the amount of any suggested fees.

It appears that licensing fees are seen as revenue generator

Q7. What is your view on what should happen to the fee in cases where an application is refused?

Part of the fee returnable to the applicant

Please explain the reasons for your response

I understand that some of the fee should be retained to cover the costs in initial processing

Q8. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

	Significant increase in cost	Some increase in cost	Broadly cost-neutral	Some reduction in cost	Significant reduction in cost	Unsure
(a) Showpeople					X	
(b) Local authorities			X			
(c) General public			X			

Please explain the reasons for your response

Significant savings to Showmen which would allow for more traveling fairs thereby generating employment and adding value to the local economy

Page 15: Equalities

Q9. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected characteristics (under the Equality Act 2010): age, disability, gender re-assignment, marriage and civil partnership, pregnancy and maternity, race, religion and belief, sex, sexual orientation?

Positive

Please explain the reasons for your response

Scottish Showmen are both a business and cultural community often of many generations whose livelihood and wellbeing is dependent on being able to travel and stage funfairs around the country. An improved and more proportionate licensing system should ensure that this cultural tradition which exists across many countries in Western Europe will continue in Scotland.

Q10. In what ways could any negative impact of the proposed Bill on equality be minimised or avoided?

No Response

Page 17: Sustainability

Q11. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impacts?

Yes

Please explain the reasons for your response:

The bill will in fact have a positive impact on economic and social factors and protecting Showmen's way of life.

Page 18: General

Q12. Do you have any other comments or suggestions on the proposal to exempt funfairs from Public Entertainment Licensing requirements and to create a distinct new licensing system for funfairs in Scotland?

Instead of creating a new system the Bill should exempt traveling fairs from the current licensing requirements. Traveling Showmen already have to show strict compliance under Health & Safety regulations in order to operate a traveling fair (HGS175 'Fairgrounds and Amusement Parks: Guidance of Safe Practice') - this means traveling fairs in the UK are one of Europe's most highly regulated outdoor events. Therefore an alternative licensing system is not needed - Scotland should follow England and Wales where traveling funfairs are regulated by short term leases between the Showman and the Landlord i.e a 'licence to occupy'.
