Positive

Please explain the reasons for your response

We live in a modern society and things have changed and I think this is good for our future generations

It would spoil a lot of people both the showmen and women plus the general public

Page 17: Sustainability

Q11. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impacts?

Yes

Please explain the reasons for your response:

It's a step in the right direction as a lot of good grounds have been lost over the years
